Phone Free Childhood Academic Year 2025-2026

Dear Parents/Carers,

From September 25 children should not bring mobile phones, smartwatches or other electronic devices into school. We will be promoting a **Smart Phone Free Childhood**. This is a commitment that is becoming increasingly united and shared amongst many schools in the UK. (some counties have gone even further with legislation)

Smart phones have crept into children's lives and are reshaping childhood (often with significant damaging consequences).

From September children must not bring phones to school. Whilst some of the older children do walk home at the end of the day, evidence is that smartphones increases risk to children and therefore we do **not support** children in having a phone with them for the purposes of 'safety' even on the commute to and from school.

Please help us keep Wren Park smartphone free for all our children's safety and wellbeing.
