

# Our Team Points

RESPECTFUL

AMBITIOUS

RESILIENT

Our Team Points are based on local engineering industries in or around Derby.

**ALSTOM**

 **TOYOTA**

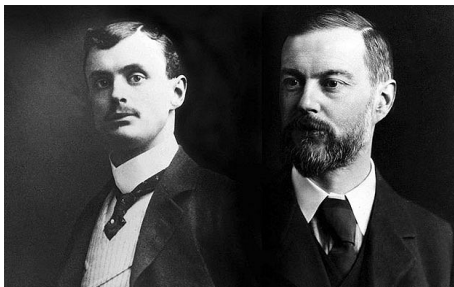

Here is more information about these companies and what they do

# Rolls-Royce

<https://www.youtube.com/watch?v=K2R6NTgvEV4>

- Rolls-Royce is a world-famous engineering company that designs and builds powerful engines for planes, ships, and even space missions!
- The company started in Derby in **1907** when Charles Rolls and Henry Royce teamed up to create high-quality cars and engines. Today, Rolls-Royce is one of the biggest employers in Derby, with around **12,000 workers** in the city.
- The engines made by Rolls-Royce are used in airplanes all over the world, helping millions of people travel safely every day.

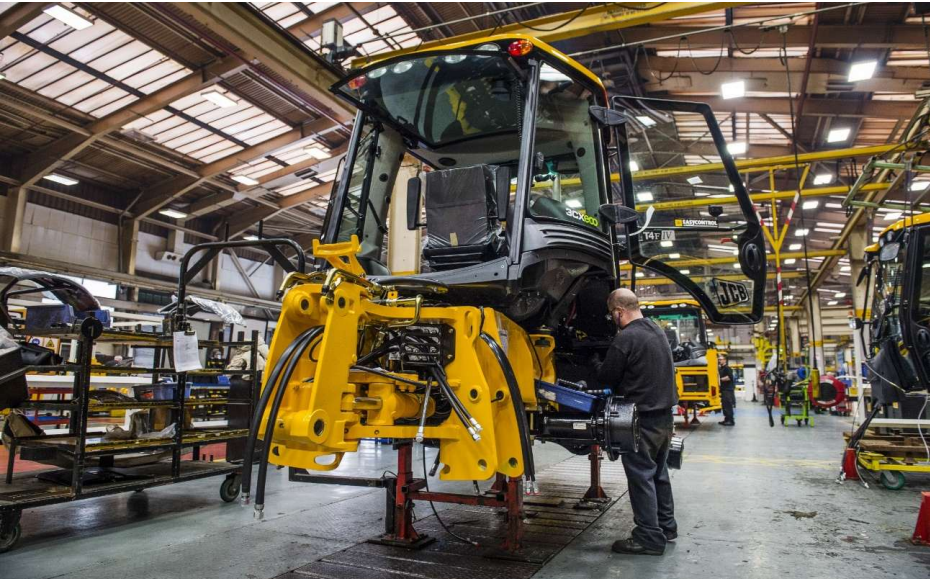

# JCB

[https://www.youtube.com/watch?v=quvFWxt\\_\\_i0](https://www.youtube.com/watch?v=quvFWxt__i0)

- JCB is a famous company that makes big, powerful machines used on construction sites and farms, like diggers and tractors.
- JCB was started in **Uttoxeter** in **1945** by a man named Joseph Cyril Bamford—that's where the name JCB comes from! Today, the company employs over **15,000 workers** worldwide, with many working in its factories near Uttoxeter.
- Did you know? JCB diggers are so popular that the bright yellow machines are used in over **150 countries**, and people often call any digger a "JCB," even if it's made by a different company!

# Alstom

<https://www.youtube.com/watch?v=PU-xmaRxeYM>

- Alstom is a company that designs and builds trains, including the fast trains we use today!
- Before becoming Alstom, the factory in Derby was known as **Bombardier**, which had been building trains there for many years. The Derby site has a very special history because it has been making trains for over **180 years**, starting way back in **1839**. That makes it the oldest train factory in the world still in operation!
- Alstom now employs around **2,000 workers** in Derby, who help design and build trains used in the UK and many other countries.

**ALSTOM**

# Toyota

<https://www.youtube.com/watch?v=T7to4NHPULk>

- Toyota is a famous car company that makes vehicles driven all over the world. They opened their factory in Derby, at Burnaston, in **1992**, and it was their first car factory in the UK!
- Today, Toyota employs around **3,000 workers** at the Derby factory, where they build popular car models like the Corolla and the hybrid-powered Toyota Corolla.
- Did you know? The factory is so big it's like 100 football pitches put together, and it can build a new car every **60 seconds!** Toyota is also known for creating environmentally friendly cars and using special robots to help build them.
