

Wren Park Primary
Working Hard to Keep Children Safe

Photographs and Social Media Guide for Parents

- The Governing Board **does allow** parents and carers to take photographs and recorded images of their child during school events.

BUT PLEASE REMEMBER

- We have several children whose whereabouts and identity must be kept away from people who might cause them harm.
- Please respect that even an innocent and well intentioned photograph can put children at significant risk if shared on social media sites.
- **Do not share images through Social media** sites including Snapchat, Instagram, Facebook or other such sites.
- The Governing Board **does not allow children to use mobile phones** and recording devices within school or at school events.

Policy adopted date: 3rd May 2017
